

Brokerage

Seaward Brokerage Services

We usually have the widest selection of used Seawards on our books to choose from.

Most people looking to sell their Seaward will list their boats with us and most potential purchasers will contact us. After all we know the boats better than anybody (we retain the build files of every Seaward built since 1980) and have already acted as brokers for many of these vessels over the years! We are uniquely placed to effectively match purchasers to vendors.

Our ABYA qualified brokers provide a professional and complete service to ensure the best outcome for both parties. We are happy to host viewings of boats lying in the Solent and Isle of Wight but will ask vendors to host visits at weekends or on holidays or if their boats are further afield. We have a dedicated client account to safeguard monies held until the sale is legally completed. We handle all sales paperwork to ensure the smooth transfer of title to the new owner.

We charge the vendor a very competitive 6% + VAT upon the completion of the sale.

Additionally we can assist with the provision of spares, repairs, engine and equipment servicing, valeting etc. Also our Seaward Sea School instructors are available to participate in sea trials, can collect and deliver the boats as required and can provide tuition to new owners.

Please contact us today if you are looking to buy or sell a Seaward.
